The Affiliate Program

Here's How It Works...

When you join the Implix affiliate program, you send your customers to their website using a unique link designed for you, and you get a commission when they buy something. **It's as simple as that!**

It's a win-win for everyone involved: you turn your referred customers into cash, and Implix gets a new and loyal customer. And hey, you work hard to attract customers to your site, so why not try to earn some extra cash for you effort, right?

But most affiliate programs aren't profitable for the affiliates because:

1. The products **don't have enough** market demand.
2. The commissions **are too low** for the opportunity to be profitable.

This problem is solved by offering not one but **six products** that are in high demand, and by presenting them in such a way that your customers often buy more than one product! It's really simple math:

High Demand + Multiple Sales = \$\$\$\$!

If you like that math, [Join the Implix Affiliate Program](#) now to see how we can turn your internet traffic into **cash in your pockets!**

6 Times More Likely to Earn You Money!

Ask any major-league hitter how many pitches they need to hit a home run, and they'll tell you: I only need one, but **I'd like a lot more**. Why? Because the more pitches you get, the more opportunities you have to put one out of the park.

You're just like that major-leaguer - except that for you, a home run is that **hard-earned commission**. And you want to earn a commission every time you step up to the plate. So why join affiliate programs that only give you one pitch to swing at when **Implix.com gives you six?**

Most affiliate programs only give you one shot at a commission from your customers, because they only sell one product. At Implix.com, you get **six shots** at that commission, because there isn't just one single, high-quality product, but *six such products!*

And Implix works hard to **promote and sell their products** on their website so you don't have to. You just send your hard-won customers to Implix, and they'll make sure you get the commission you deserve.

So what would you rather have: just one shot at a sale or **SIX?**

When you're ready for more opportunities to hit a home run, [Join the Implix Affiliate Program](#) to see why more really is better!

6 Times More Profit Into Your Pocket!

Why settle for a simple income stream when Implix can help you turn that stream into a **raging river of profit?** Implix.com offers customers - **yes, your customers!** - not a single tool or product to help them with their marketing, but *a complete end-to-end solution*.

The Implix.com suite incorporates an **irresistible combination** of tools that no Internet marketer should be without. And what turns the stream into a torrent is this simple fact...

"Most customers who buy from us usually buy at least three products."

That's at least 5x the profit for you on average, with the potential to *quadruple your commission!* When your customers discover how invaluable the suite is to their marketing efforts, their need for our products becomes **YOUR** profit! And not just once, but *once for every product they buy!*

So why not [Join the Implix Affiliate Program](#) and convert your affiliate program profits from a trickle to a flood! Do it now and watch the checks roll in...

**** THE IMPLIX SUB-ASSOCIATE PROGRAM ****

On every one of the Implix product websites, the offer is made for every visitor you refer to become a new affiliate, like yourself:

<http://www.implix.com/register/61242>

And each affiliate that was referred by you and refers sales to Implix, gives you a commission too.

This is called the "sub-associate" commission. For example, if 10 people join as affiliates through your product link and then promote their own URLs, you'd receive 10% of each of their income too.

To put this into perspective, if, for example, each one of those people referred one membership sale per week at the BizMint product website, by the end of the month you could have earned up to an additional \$588.00 without no further promotional effort on your part whatsoever. This is the power of **leveraged income** - it multiplies your initial efforts to infinity!

**** HOW TO EARN REOCCURRING MONTHLY INCOME ****

Many of the superb Implix products can be paid for on a month-to-month basis, ensuring the highest level of repeat custom. For you, this translates into a sizable reoccurring income.

Once you've referred a customer, they're yours for life. If they continue to order Implix's subscription-based products month after month, year after year, then you'll continue to receive the same level of commission from them month after month, year after year.

The Implix automated payment system automatically rebills the customer and immediately re-totals your commission check.

On the 20th of the following month, that commission check is sent to you. The same continues to happen for the life of each customer - and the life of your sub-associates' customers too. That's the power of Implix!
